

HERCULES UNIVERSAL DJ

The DJ Party 3.0

Digital core. Analog roots:

1 - UNIQUE: The ideal ecosystem for connected DJs. Finally, control your mixes from all your devices – Android, iOS, PC and Mac!

- 1 controller, 1 program, 2 applications, 3 modes... and much more!
- The external source input also allows you to connect any smartphone or tablet and instantly access all your playlists on music streaming services.

3 - Be as creative as a pro DJ.

- The DJUCED™ Master application's 'My Extender' lets you unleash your creativity.
- With just one finger, create loops and FX combos worthy of a pro DJ! A feature delivering truly professional effects that has never been so simple and fun.

4- NEVER SEEN BEFORE! Let the people at your party chime in, for a perfect party!

- Prior or during the party, **share your playlist with your guests through DJUCED™ 40°**, and ask them to **vote for their favorite tracks**. The DJUCED™ Master application allows you to **view the votes in real time on your second device** (tablet or smartphone). Hone your playlists to please your guests!
- View the **tracks, artists or special messages** submitted by your party's guests. Customized playlists for unforgettable parties!

2 - Unrivalled FREEDOM – move and groove with your party's crowd, at any time!

- In addition to your computer, control your mix from your **smartphone or tablet** using built-in **Bluetooth® wireless technology** and 'My Remote' provided by the dedicated **DJUCED™ Master app**
- **Always keep your transitions under control**

- **5- Reinvent your parties... and beyond** : Share your ideas or needs to constantly build this **evolutionary app**. Much more soon!
